Beginning May 7th, you will need to download and install the new CCU Mobile Banking app (search for: "Cloverbelt CU Mobile Banking" on Google Play or the App Store.) If you have not already enrolled in CU-Online, you may do so now. As with our current app, you will have the ability to take a picture of a properly endorsed check for deposit to your account. Our new app allows deposits to your eligible checking or savings account.

To utilize Mobile Deposit, select the accounts you want to enroll and follow the prompts. You will receive an approval notification, usually within 24 hours if you register on a weekday during normal business hours.

Once you are approved to use Mobile Deposit, you will simply log into the app, select an account and the Deposit feature. All checks must be endorsed properly or they will be rejected.

Proper endorsement must include the words below or the check will be rejected.

For Mobile Deposit only to CCU account # _____ (your account #) and your signature.

Scheduled Transfers

If you currently use the Scheduled Transfer feature in CU-Online or the Mobile app you will need to recreate your scheduled transfers in the new system.

To ensure an easy transition, we recommend reviewing and noting the scheduled transfers you currently have by May 6th. Having this information handy prior to inputting it on May 7th will make the transition easier and help prevent errors.
